

Getting to Know Your Executive Board

Hello, my name is Andre King and I am your Second VP of the Social Committee. I have been with the committee for a few years. I am a custodian at Monsignor J.H. O'Neil School in Tillsonburg. I became involved in CUPE to be informed and not to have second-hand information. I also wanted to participate in the activities to learn and contribute to my UNION. I am a steward who is always willing to do my best to help any member.
Thank you!

Health and Safety

The links below provide some hacks that can help with mask size/fit issues along with some other helpful information. If you feel that your mask does not fit properly you should reach out to your supervisor and Health and Wellness as they may have some extra advice to help find some solutions. This also applies to shields. Your Health and Safety Committee is working hard to keep everyone safe. If you have any questions or concerns about the health and safety of workers, please contact the committee members along with the CUPE Local 4186 office, using your personal email.

Chief Steward

I quite often get phone calls from members asking when they will hear if they were the successful applicant in a posting. According to our Collective Agreement, the Employer has 21 **'working'** days to inform the successful applicant, and then they have 21 **'calendar'** days to place the person in the position. You should be notified within seven 'calendar' days of the successful applicant being placed into the vacancy of who the successful candidate was if you had applied to that position. If you do not hear from the Employer, email them and ask. **Please cc me** in as well. This is mutually agreed upon language in our Collective Agreement (Article 14) that the Employer needs to follow.

In Solidarity,

Patty Kleber

International Women's Day #ChooseToChallenge

International Women's Day is celebrated around the world on March 8. It started in the United States in 1909 to protest inhumane working conditions in clothing factories staffed mostly by women. According to the United Nations, it is an opportunity to celebrate women's contributions to society, raise awareness about the fight for gender parity and inspire support for organizations that help women globally. This year, the theme is **#ChooseToChallenge**, which highlights the importance of challenging biases and misconceptions in the interest of creating a more inclusive world. For more information, you can go to internationalwomensday.org.

Political Action

Although the Ontario Government recognized the Value of Personal Support Workers and increased their hourly wage, it only goes to March 31, 2021. We have seen the sacrifice Personal Support workers have made in their communities. Now is our time to show we appreciate it. Please sign a letter to the MPP.

OTIP Info: Buying a car? Why your insurance provider should be the first person you tell whether you are driving a shiny new car off the lot or found a used car in good shape on an auto buy-and-sell page, you'll need to notify your insurer before you write the cheque. The make, model and year of your vehicle are key factors in determining your auto insurance policy premiums and ensuring that you have the right amount of coverage in place. That's why it's so important to contact your insurance provider before you purchase a new vehicle. Depending on the make, model and year of your new vehicle, keeping your insurer updated could save you on your insurance premiums.
